Assembly byelections 2022: Polls for 7 vacant seats over 6 states tomorrow

HYDERABAD/PATNA: Voting will be held on Thursday in bypolls to seven assembly seats in six states - a contest symbolic of the fierce turf war between the BJP and regional parties.

While in Haryana former chief minister Bhajan Lal's family is trying to hold on to its bastion of five decades, Bihar will see the first electoral test for the Nitish Kumar-led 'Mahagathbandhan' government, formed less than three months ago after the JD(U) parted ways with the BJP.

The saffron party is seeking to retain Gola Gorakhnath seat in Uttar Pradesh and Dhamnagar in BJD-ruled Odisha, banking on sympathy votes as it has fielded the sons of sitting MLAs whose death necessitated the bypolls.

The BJP and the ruling TRS had been campaigning aggressively in Manugoda in Telangana, where the Congress MLA had resigned and is fighting on the saffron party's ticket.The Election Commission has made elaborate arrangements for polling, including the deployment of 3,366 state police and 15 companies of central security personnel in Manugoda. Webcasting would be done from all the polling stations, officials said.

In Adampur, Haryana, the by-election was necessitated after Bhajan Lal's younger son Kuldeep Bishnoi resigned as MLA from the seat and switched from the Congress to the BJP in August. Bishnoi's son Bhavya is now contesting as the BJP candidate.The Adampur seat has been held by the Bhajan Lal family since 1968, with the late ex-chief minister representing it on nine occasions, his wife Jasma Devi once and Kuldeep on four occasions.The Congress, Indian National Lok Dal and Aam Aadmi Party are among the key parties contesting the bypolls.Bypolls are being held in Mokama and Gopalganj seats in Bihar, earlier held by the RJD and the BJP respectively.

National Commission for Protection of Child Rights sends notice to Delhi government over poor air health

NEW DELHI : In the wake of the city's air quality continues to remain 'very poor quality, the National Commission for Protection of Child Rights (NCPCR) chairperson Priyank Kanoongo Wednesday sends a notice to Arvind Kejriwal led AAP government for continuous negligence to the issue to pollution.

"The safety of school children is a matter of concern due to the dangerous level of pollution in Delhi, so far the state government of Delhi has not taken any decision on this. Children are in the wrath of toxic air in schools, and in playgrounds. This negligence is wrong. NCPCR is issuing a notice," Priyank Kanoongo tweeted in Hindi. The air quality in Delhi continued to remain in the 'very poor' category on Wednesday morning as the overall Air Quality Index (AQI) of the city stood at 354. Noida, which is part of the national capital region, slipped to an AQI of 406, and continued to remain in the 'severe' category, while Gurugram's AQI stood at 346 and continued to remain in the 'very poor category, as per data released by SAFAR (System of Air Quality and Weather Forecasting And Research) India.

Air Quality Index from 0 to 100 is considered as good, while from 100 to 200 it is moderate, from 200 to 300 it is poor, and from 300 to 400 it is said to be very poor and from 400 too 500 or above it is considered as severe.

A little less poor air quality in Delhi's satellite cities gave some respite to the people, but it is only a relative term from the previous day.

The city of Delhi too fared very poorly. Narela in North West Delhi reported the highest AQI at 571 on Tuesday. North Delhi Air Quality is the poorest at the moment as almost all the stations have AQI above 400. Most of the stations in the capital have an AQI above 300 except a few like Mandir Marg in central Delhi.According to data by SAFAR, Dhirpur in Model Town dipped to an AQI of 356. The AQI near IGI Airport (T3) also stood in the 'very poor' category on Wednesday at 350.

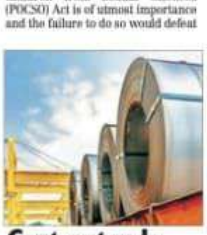
Delhi slipped into 'severe' on the AQI meter on Saturday. With air pollution worsening in the national capital, Delhi authorities halted all construction work and demolition activities till further orders.

Non-reporting of sexual assault against minor a 'serious crime'

NEW DELHI: The non-reporting of sexual assault against a minor despite knowledge is a "serious crime" and an attempt to shield the offenders, the Supreme Court said on Wednesday.

The apex court said prompt and proper reporting of commission of offence under the Protection of Children from Sexual Offences (POCSO) Act is of utmost importance and the failure to do so would defeat the very purpose and object of the law.The top court set aside the Bombay High Court's judgement of April last year quashing an FIR and the charge sheet regarding a medical practitioner who allegedly did not inform the authority about sexual assault against several minor girls at a hostel despite having knowledge about it.

A bench of Justices Ajay Rastogi and C T Ravikumar observed it is true that the FIR and the charge sheet still remain in respect of other accused in the case."But then, non-reporting of sexual assault against a minor child despite knowledge is a serious crime and more often than not, it is an attempt to shield the offenders of the crime of sexual assault, the bench said in its 28-page judgement.The apex court delivered its verdict on an appeal filed by the state of Maharashtra, through the police, against the high court judgement.The bench referring to a previous verdict by the top court, noted



Govt extends date of quality control order for 2 steel grades till Jan 23

NEW DELHI: The government has extended the enforcement date of its Steel and Steel Products Quality Control Order for two grades of ferrosilicon and ferronickel by three months till January 2023.

"The Steel and Steel Products Quality Control Order dated December 22, 2020, and subsequent order dated April 26, 2022, the date of enforcement of Indian Standards (IS) 1110:1990 ferrosilicon specification and IS 4409:1973 specification for ferronickel is extended further," according to a Steel Ministry notification.The extension is for three months till January 23, 2023, the notification dated November 1, 2022, said. According to an expert, ferrosilicon is imported from countries like Bhutan, South Africa etc to make CRGO (cold rolled grain oriented steel) and alloy steel, which are used to manufacture transformers, motors, rotors and other electrical items.The order paves way for the import of these two grades without any duty for another three months, as per the notification. Speaking to PTI over the phone, Manish Sarda, Chairman of Indian Ferro Alloy Producers' Association (IFAPA) said ferronickel is imported mainly from European countries besides Russia and China to produce stainless steel and alloy steel, which find.

MP: Lioness give birth to 3 cubs in Gwalior zoo

GWALIOR: A lioness gave birth to three cubs at the Gandhi Zoological Park, Gwalior district of Madhya Pradesh.

With the addition of these cubs, the total number of lions has gone up to eight in the zoo. Gandhi Zoological Park in-charge and Veterinary Dr Upendra Yadav said, "The lioness gave birth to the cubs on the night of October 30. Now, these cubs have been kept in isolation for 15 to 20 days. They will be kept under special supervision. The male and female lions among these cubs will be identified after 15 days since it is not possible to go close as the lioness is very aggressive at this time". It is a matter of great happiness for the zoo management and for the residents of Gwalior, he added.

Municipal Commissioner Kishore Kanyal said, "It is a matter of great pride for us that the lioness has given birth to three cubs. The family of the zoo has increased. The Gwalior zoo is small, we are going to shift it to a bigger area. The animals have been kept in special facilities for the tourists, and we have also upgraded the zoo".

"We want to make an appeal to the residents of the city that the number of lions has increased and they must visit and see them. It is a matter of pride for us, for the zoo management and for the residents of Gwalior," Kanyal added.

Notably, the lion was brought from Nandanvan Zoo Raipur and the lioness was brought from Kanan Pendari Bilaspur to Gandhi Zoological Park in 2012.

Terrorist recruitment reduced in J-K, local terrorists lower than foreigners for first time: Govt data

RAJNISH SINGH

NEW DELHI : In a significant achievement, the number of recruits in terrorist outfits active in Jammu and Kashmir has reduced this year with a first-ever surprising figure showing less number of local terrorists compared to those infiltrating from Pakistan. Data collated by the security agencies states that the number of active terrorists in Jammu and Kashmir till October 31 this year is estimated at around 134.

Of the 134 active terrorists in Jammu and Kashmir, 51 are local terrorists (LTs) and 83 are Foreign Terrorists (FTs), mentions the data recently shared with the Ministry of Home Affairs (MHA).

The terrorists mostly belong to outfits like Lashkar-e-Taiba, its offshoot The Resistance Front, Jaish-e-Mohammad and Hizbul Mujahideen, an official citing the data told ANI.

Last year, the number of active terrorists was 184, including 99 LTs and 85 FTs.A comparison of the two figures shows a clear reduction in the fresh recruitment of Jammu and Kashmir youths.Different terror groups have recruited nearly 700 local youths in Jammu and Kashmir in the last four years - 187 in 2018, 121 in 2019, 181 in 2020 and 142 in 2021.

This year till October 31, the data showed, the security forces have eliminated 176 terrorists in various encounters. Of these, 126 were locals and 50 were foreigners.The reduction in fresh recruitments is a significant achievement as 2022 marked three years since the central government led by Prime Minister Narendra Modi revoked the special status of the erstwhile state of Jammu and Kashmir and created two new Union Territories (UT) of J-K and Ladakh so that all rules being implemented across the country can be implemented in the region too to curb terrorism and create peaceful law and order.

Several initiatives implemented by the J-K administration and security establishments as well as the Centre since then demonstrate that a change is afoot on the ground, which offers hope for a better future.
